Rescue & Fire Apparatus

RESCUE SQUADS

RESCUE SQUADS

CHASSIS CHOICES

- Available on Spartan or HME custom chassis
- Available on most commercial chassis; International, Freightliner, Ford, Kenworth, Peterbilt

BODY

- Standard body sizes: 10', 12', 15', 18', 19', 20', 22'

BODY CONSTRUCTION

- Fully extruded all-aluminum construction including an integrated sub-structure to eliminate corrosion
- All crossmembers and structural tubing have capped ends to eliminate road debris
- All roofs are 100% welded to ensure a watertight fit
- Seamless interior walls and ceilings
- Sealed and insulated floors to remove road noise
- "Wash Out" squad floors - No seams or caulking
- Side compartment walls are a double wall design to allow wiring and components to be recessed - No exposed wiring

COMPARTMENTS

DOORS

- Extruded flush mounted or roll-up doors

ELECTRICAL SYSTEM

- Multiplex wiring is standard for ease of troubleshooting
- "As built" wiring diagrams created specifically for your apparatus
- "Soft Touch" backlit switching is standard

OPTIONS

- Cab to body walk through
- Rear and side entry doors available
- Customized interior design and layout
- Interior headroom 60"-77" depending on chassis and body design

WARRANTIES

- Structural - 15 years standard
- Electrical component - 5 years standard
